EDUCATION

Thapar Institute of Engineering and Technology (TIET) <i>BE in Computer Science Engineering; CGPA: 8.0</i>	Patiala, Punjab, India 2024-2027
Thapar Polytechnic College <i>Diploma in Computer Science; Aggregate: 84%</i>	Patiala, Punjab, India 2022-2024
Kendriya Vidyalaya AAI Rangpuri <i>CBSE (Class XII); Aggregate: 88%</i>	New Delhi, India 2020-2022
Deep Public School <i>CBSE (Class X); Aggregate: 95%</i>	New Delhi, India 2008-2020

EXPERIENCE

Project Intern <i>Thapar Institute of Engineering and Technology BIS Funded Research Project – Internship</i> - Designed and deployed a scalable online assessment platform using AWS and Cloudways, enabling the collection of 1,500+ student assessments across multiple universities and cities for Confidence-Based Learning (CBL) based research. - Implemented 5+ core platform modules, including secure authentication, timed assessments, confidence-aware scoring, response logging, and browser focus monitoring to facilitate reliable student data collection. - Supporting the development of an educational AI system by collecting and validating 1,500+ high-quality assessment records for training and evaluating predictive ML/DL models for student knowledge and confidence analysis.	May'26 - Present
Research Intern <i>TIET-UQ Center of Excellence Data Science and Artificial Intelligence – Internship</i> Contributed on to the development of AI Chatbot for drug addiction recovery by conducting user research across 5+ rehabilitation centres/NGOs, interviewing 25+ individuals and counsellors to collect qualitative data.	July'25 - Dec'25

SKILLS

Programming Languages: Python, C/C++, SQL, JS, HTML, CSS
Libraries and Frameworks: Tensorflow, Pytorch, OpenCV, NumPy, Pandas, Scikit-learn, Flask, Streamlit, MediaPipe
Cloud & Databases: AWS, Cloudways, MySQL, MongoDB
Developer Tools: Git, Github
Core Concepts: Data Structures & Algorithms, Object Oriented Programming, Operating System, Database Management System, Computer Networks, Machine Learning.

PROJECTS

SmartDeskAI – AI-powered Ticket Automation System — Git Technologies Used: Python, NLP, Streamlit, Machine Learning, Automation Workflows. - Developed an AI-powered ticket automation platform featuring confidence-based decision making and human-in-the-loop validation, and Implemented 5+ enterprise workflow modules. - Recognized among the Top 25 teams nationwide at the Atos Hackathon Challenge - Srijan 2026.	Mar'26 -April'26
Nexalyze – Instant EDA Studio — Live Demo Technologies Used: Python, Streamlit, Pandas, Plotly, Matplotlib. - Developed a modern EDA dashboard comprising 8 analysis modules, 15+ interactive visualizations and automated statistical profiling. - Implemented 3 data cleaning strategies with one-click CSV export and interactive reporting.	July'26

CERTIFICATES / ACHIEVEMENTS

Top Performer at Atos Hackathon – Srijan 2026	-	Certificate
McKinsey Forward Program 2026	-	Certificate
Summer Analytics 2025 by IIT Guwahati	-	Certificate
Career Essentials in Generative AI by Microsoft and LinkedIn	-	Certificate
First Position in Computer Science Branch (Diploma)	-	Certificate
Merit Scholarship for Academic Excellence
